

Matthew Olson, age 6, of the Valparaiso Boys & Girls Club, proudly displays his catch of the day!

Matthew, along with approximately 20 other club members, enjoyed a two-hour fishing trip to Lake George in Hobart as part of a four-day clinic entitled "Wish to Fish." The clinic was sponsored by BP in order to "help bring fishing-related fun to the youth of America." Every child received a fishing rod and a tackle box as part of the sponsorship along with valuable information that included such things as, fish identification, casting, and tying hooks. To join the summer fun at the Valparaiso Boys & Girls Club, 354 Jefferson Street, stop in Monday-Friday between 11:30 a.m. and 5:20 p.m. to learn more about the many exciting events and camps planned or visit www.bgcpoco.org or call 462-2182.
