

**Cathie Dull**  
**Assistant Director of Resource Development**

Cathie is a graduate of Indiana University Northwest, where she received a B.A. in Organizational Communications. Her work experience includes several years of program experience with Boys & Girls Clubs of Northwest Indiana (Lake County). Cathie also co-founded a local non-profit mentoring organization, where she managed the mentoring program. Prior to that, she worked for ten years in the staffing industry.

Cathie's expertise is in "... connecting people to opportunities that enrich their lives and the lives of others through work, volunteerism and philanthropy". At the Boys & Girls Clubs of Porter County, she is responsible for promoting club and organizational activities, managing special events, league sponsorship, and helping raise funds for the organization.

The Boys & Girls Club movement has always been near and dear to Cathie. She has "...had the benefit of seeing the Club experience impact hundreds of kids throughout the region, and (her) own children as well", and feels blessed to be able to support our very important mission.

Cathie lives in Valparaiso with her husband and two sons. Both of her children are members of the Valparaiso Unit.
